Dr. Sharon Cohen

BIOGRAPHY

Dr. Sharon Cohen is a behavioural neurologist known for her excellence in patient care, teaching, and clinical research. She completed her neurology residency and behavioural neurology fellowship at the University of Toronto.

She is the medical director and site principal investigator of Toronto Memory Program, a community-based medical facility which she established in 1996 for the purpose of enhancing diagnosis, medical care, and therapeutic options for individuals with, or at risk for, Alzheimer's disease and related disorders. Her memory clinic and research site are among the most active in Canada.
