

PATIENT NAVIGATION PROGRAM

FOR PATIENTS AND FAMILY MEMBERS

Do you or a family member need help accessing services in your community?
Are you unsure what services are available, or where to begin looking?

Our Patient Navigation Program aims to connect patients and/or family members to appropriate community resources based on the specific needs of the individual or family. Ask your clinician to refer you to discuss supports with our navigator.

SOME OF OUR SERVICES

- Mental health & bereavement
- Support for new parents
- Long term care & retirement planning
- Assistance for low-income families
